1.The following is an examiner's statement of reasons for allowance: The examiner agrees with the position that is at least implicit in applicants' remarks that one of ordinary skill in the art would not be led to introduce the relevant teachings of Kearns et al. and Raynor et al. into the method of Hoesman. The examiner does not agree with applicants' position that Hoesman does not teach or suggest the aspect of flat proofing a tire and wheel assembly because the jig of Hoesman is essentially a wheel structure, and the instant claims are sufficiently broad as to encompass a process in which the jig is replaced by an actual wheel structure subsequent to the foaming reaction.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

2.An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

3.In the claims:

Claims 18-20 have been canceled.
